Welcome to the home page of the Anderson University Women’s Swimming Team. Thank you for your interest in learning more about us. We are a relatively new program, but what we lack in history we make up for with enthusiasm and love of the sport.

We subscribe to the Athletics Mission Statement, which promotes consistent improvement in: academic excellence, athletic success, spiritual mentoring, and social growth. While none of us perfect or excellent, our pursuit of excellence in these areas is the driving force behind what we do.

We also believe that every individual has unique talents and abilities that are God-given and can be used to His glory. Our hope is that as a swimmer at Anderson University each athlete will gain a better understanding of how to use their own unique talents, both inside the pool and out, as a form of worship to the Lord. Colossians 3:17 says “And whatever you do, in word or deed, do everything in the name of the Lord Jesus, giving thanks to God the Father through Him” (ESV).

If you desire an academic setting that is challenging and authentic, and wish to pursue your swimming career in an environment that will foster your growth in all areas, Anderson University is the place for you.
